# The Transplantation Society

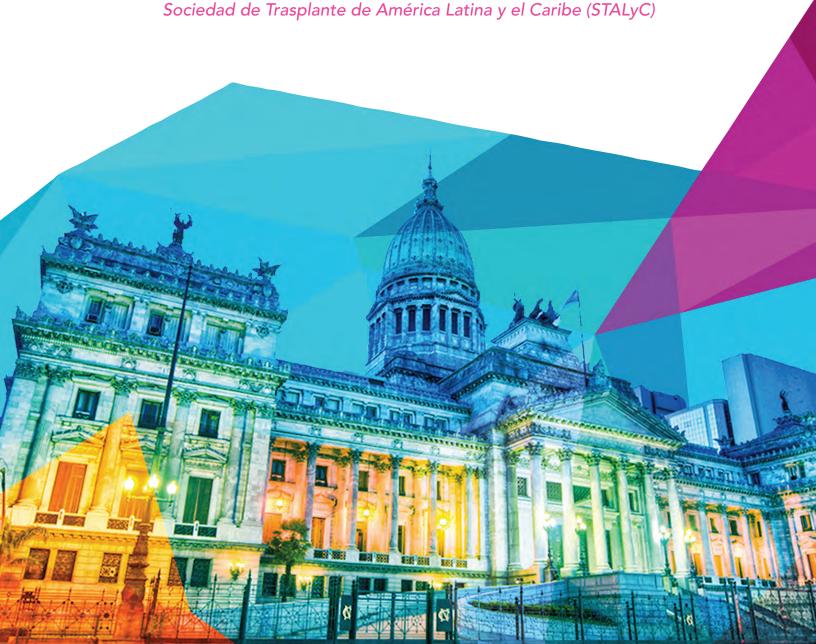

# **ITS 2022**

BUENOS AIRES, ARGENTINA

## **TTS 2022**

A Congress in Buenos Aires

for the whole region

and the world.

#### PARTNERING SOCIETIES

Established in 1966 and now having over 6,500 members in more than 105 countries, TTS is the leading international society of medical professionals involved in the transplantation of organs and tissues TTS' mission is to provide the focus for global leadership in transplantation through:

- Development of the science and clinical practice
- Scientific communication
- Continuing education
- Guidance on the ethical practice

www.tts.org

The National Host Society was created in 1982 to promote science, care, and ethics at the service of transplantation.

SAT is an Affiliated Society of The Transplantation Society

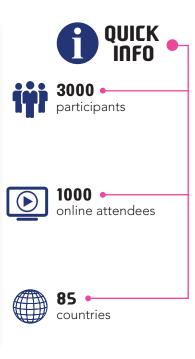

www.sat-argentina.com

Our partnered Regional Society was created in 1999, constituted by members from Argentina, Brazil, Bolivia, Colombia, Costa Rica, Cuba, Chile, México, Panamá, Perú, and Uruguay. On STALyC's last report, as many as **823 transplant programs** have been established in the region.
